Star Testing:

We are currently Star Testing students this week. However, because of the restrictions of our internet, the students will be taken in small groups with their grade level to take the test. The Star Test provides HHA with a starting point to see the growth of each child through the year.

Important Information

regarding our lunch provider

Unfortunately My Kids Lunch will not be providing our students with lunches this year. It was stated that we did not have a large enough participation rate. We are working extremely hard to find another company that will provide our students with healthy and affordable lunches. We will keep you informed.

HHA Families

Our PARCC scores are in and available on the website. While we do not want to teach to the test, we still take these scores very seriously. Our faculty are of the highest quality and were hired because of their ability to inspire and engage students. They are working hard to improve all instruction and expectations of excellence in order to close achievement gaps and increase growth. We will offer academic classes after school to target growth so that we can close these achievement gaps and inspire our students to reach for excellence. Our faculty has also taken time to align their lessons to state standards while still staying true to our Mission and Vision. Our preliminary STAR testing results will give us the data we need to plan for growth and achievement. With all of these improvements, I have confidence that our scores will improve each and every year!

Onward and upward!

Natalia Miller-Forrest

Educational Assistants Needed

We are looking to hire Teacher Aides here at HHA. If you are interested in applying, please go to our website and look under Job Opportunities for more information.

HHA is almost full. We do have a few openings, especially in K-2 grades. We would love to extend this challenging, classical, Core Knowledge education to as many students as possible.

Help us spread the word! Filling the school is critical because it allows us to have full funding. If you know of someone that might be interested, encourage them to come take a tour and check it out.

Here is the link to sign up for a tour.

Logic Puzzles

Want to stretch your brain to whole new levels? Like to solve puzzles and problems? Excited about trying to use math in new and different ways? Logic Puzzles is that class for you. We will be exploring Sudoku, Kakuro, Bridges (Islands), and more.

Thursdays, 3:45-4:30, \$5 for supplies and materials. Sign up with Mr. Wallace via email jeff.wallace@heritageha.org. Spots are limited. Only students who have registered and paid will be able to attend. Register by 9/8. First class 9/15. Classes are planned to run through December.

Latin Homework Club – Need some extra time and help sorting through Latin? This club is a great place to get some extended attention from Mr. Wallace to get you over the hump in your Latin preparation. Open for 3-6th graders, Wednesdays, 3:45-4:30 pm.

Roman Life Club – This club will focus on Roman culture, history, and Greek and Roman mythology. Available for 5th and 6th grade only, this will provide preparation for the National Latin Exam as well as for the Junior Classical Convention, both of which we plan on incorporating for the middle school in the future. This club will be Mondays, 3:45-4:30 pm, \$5 for supplies and materials. Sign up with Mr. Wallace via email jeff.wallace@heritageha.org. Spots are limited. Only students who have registered and paid will be able to attend. Register by 9/8. First class 9/11. Classes are planned to run through December.

If you are interested in purchasing a set of Riggs cards or any of the other items available on Back To School Night, please emailfundraising@heritageha.org. Quantities are LIMITED.
